BRIAN'S REPORT

MAY 20
— JUNE 26

Our Waldenwoods mascot, Wally the AI Raccoon, is now available on our website and portal to welcome you! We've trained him super well and he can answer nearly all your questions! You can ask him anything about Waldenwoods. If he doesn't know the answer, he'll tell you where you can get what you need and, in the process, you'll be helping us train it for the next time so it keeps improving.

As you come back to the Woods, you'll notice many of our spring efforts in ways both big and small — from improved road and site conditions, to stronger Wi-Fi coverage, to the return of the waterpark and all the activity that makes Waldenwoods feel like summer again. A great season depends on thousands of details being handled before opening day, and our team is focused on making sure those details add up to a better experience for you and your family.

As we move into May and June, we're looking forward to the return of busy weekends, family activities, beach and waterpark season, and seeing Waldenwoods come back to life. There is always a special energy at this time of year as the property shifts from winter preparation to summer enjoyment.

We hope you'll bring family and friends, enjoy time together at the resort, and stop by the newly renovated Lakeside Cafe. We're looking forward to seeing you back at Waldenwoods.

*Brian C. Crouse,
President*

Help us...help others. Do you know a local outreach program or community program that needs help? We are always looking to reach out & help drive community service. Let us know about other programs that we can all work as a team to help provide leadership in the areas of health & welfare (W), education & culture (C), economic development (D). Contact the activities department by calling 810-632-5889 or email activities@waldenwoods.com.

Please join us at the Family Fitness Center at 3pm on the 1st Friday of every month in our planning meeting where we will develop our plans for the coming year. It is through this project and our "Friendly Association" through Waldenwoods that we hope to have a big positive impact on Michigan and our local community. Waldenwoods cares about being a good citizen, and through the Hartland Area Project, we've continued to support the local community in achieving improved health and welfare, education and culture, and economic development. If all our members get involved with smile.amazon.com, it'll become a fantastic way to make a real difference in our community.
